

Water Witch Inc., manufacturer of bilge switches, electronic float switch replacements, high water alarms and boat panels, has established itself as a marine electronics innovative leader with nearly 20 years of experience.

We offer a variety of unique bilge controls and boat panels including a bilge counter with cycle history, an hour meter with trip reset and a multiple compartment monitor for water intrusion in the size of a 3" x 5" index card.

Exceeding both Underwriters Laboratories Inc (U.L.) and the United States Coast Guard's standards, our products are manufactured with the highest quality standard possible and supported with the friendliest customer service in the industry.

We are always looking for ways to improve our products and service, so if you have a question, comment, suggestion, tip or idea, do not hesitate to contact us.

SHIP HAPPENS

KNOW WHEN IT DOES

Bilge Pump Controls

12Vdc or 24Vdc Systems

MODEL 101 FLOAT REPLACEMENT

- Mercury Free
- Easy Installation at any angle
- Oils and Fuels will not activate switch
- Electronic— No Wear, Sticking, or Electrolysis
- 5 Year Limited Warranty

ELECTRONIC BILGE PUMP SWITCH - 230 series

- Will not pump bilge full of fuel or oil
- No moving parts
- Unmatched 7 year limited warranty
- No dead batteries due to stuck float switch

DUAL SYSTEM BILGE CONTROLS -257 series

- Bilge switch with secondary auxiliary system
- Connect to any auxiliary system (2nd pump, alarm)
- Aux. system activates after 2 minutes
- Available with optional buzzer
- 7 year limited warranty

Optional buzzer

BILGE MONITOR AND ALARM - BA200 Series

- Bilge pump monitor with audible & visual alarms
- Bilge counter tracks total pump cycles for the past 24 hour, 7 and 14 day periods
- Turn your pump on at the touch of a button
- Dimensions: 4.6"W x 3.25"H x 2.5"D

High Water Systems

12Vdc or 24Vdc Systems

HIGH WATER ALARMS— 23 series

- No moving parts and no electrolysis
- Waterproof - impermeable to all bilge substances
- Available with optional buzzer
- 7 year limited warranty

MODEL 10-12 HIGH WATER SENSOR

- Mercury Free
- Easy Installation at any angle
- Oils and Fuels will not activate switch
- Electronic— No Wear, Sticking, or Electrolysis
- 5 Year Limited Warranty

MODEL WW600 Multi Bilge Alert

- Monitor 6 separate compartments
- Built with *Inteli-Mute*- cannot mute by accident
- Both visual and audible alarms
- Dimensions: 4.6"W x 3.25"H x 2.5"D
- Meets Coast Guard regulations concerning **Bilge High Water Alarms (section 182.530)**

- ### BP500 AUDIBLE ALARM ^{w/} Inteli-Mute
- High Water alarm sounds when water detected
Mute temporarily silences alarm for 5 minutes then
If no alarm condition, Inteli-Mute resets BP500
If still alarm condition, re-activates audible

Timers

12Vdc or 24Vdc Systems

PT400 PROGRAMMABLE TIMER

- Turn off electrical devices automatically
- Up to 30 minutes selectable
- Control any device(s) up to 15 amps

PA300 PROGRAMMABLE ALARM

- Reminder for device(s) left running
- Preset times from 1 to 15 minutes
- Buzzer alarm sounds when time has expired

Bilge Counters

12Vdc or 24Vdc Systems

BC100 BILGE COUNTER ^{w/} Cycle History

- Count illuminates when pump runs
- For both electronic or mechanical float switches
- 6 second delay prevents false counts
- Tracks pump cycles for past 24hr, 7 & 14 days

Hour Meters

12Vdc or 24Vdc Systems

HM700 DIGITAL HOUR METER ^{w/} Trip Reset

- Alternate way to measure gas consumption
- Total counts up to 9,999 hours
- Trip counts up to 99.9 hours
- No moving Parts
